

The SleepSpa Collection

When you go to bed
we go to work

kaymed

Relax – you're in safe hands

Relax – you're in safe hands

To be really awake, first you need to be really asleep – a poor night's sleep can leave you as tired in the morning as you were when you went to bed.

But with a SleepSpa bed, you can harness the recuperative power of quality sleep every night, and wake up every morning refreshed, rejuvenated, and feeling like you've just walked out of a spa treatment.

SleepSpa beds from Kaymed will give you the most energising, invigorating night's sleep imaginable, to help you get the most out of your everyday life.

Sleep so good, it feels like an indulgence.

When you go to bed, we go to work

The SleepSpa range uses four innovative sleep technologies: gel, visco elastic, latex and air. All of them offer an incredible sleep experience, you just have to choose the one that's right for you. When you go to bed, we go to work – to ensure you wake up rejuvenated and restored.

To be really awake,
first you need to be really asleep

SleepSpa Gel Therapy

The SleepSpa Gel Therapy is the closest you will feel to getting a massage in your sleep. The gel moves with you to match your body contours in a soft, fluid manner, creating a light massage effect which gently disperses pressure and relieves pain – perfect for drifting off to sleep.

A luxurious visco elastic layer under the gel further alleviates pressure and discomfort. The result is greatly reduced tossing and turning, and a much better quality of sleep.

- Luxury gel layer gently massages pressure points
- Soothing feel encourages relaxed sleep
- Top quality visco elastic layer for optimum support
- Turn-free mattress
- Luxury padded top bed on legs or contemporary deep base on wooden feet
- Sizes available – 90cm (3'0"), 120cm (4'0"), 135cm (4'6"), 150cm (5'0"), 180cm (6'0")

Sleep beyond your wildest dreams

SleepSpa Air Therapy

The SleepSpa Air Therapy is individually adjustable to provide perfect, personalised sleep solutions. The computerised control system allows the sleeper to adjust the amount of air in the separate chambers – three on either side of the bed – allowing you and your partner to create the perfect balance of firmness and comfort for your personal needs.

Combined with a luxury layer of visco elastic, the SleepSpa Air Therapy provides the ultimate customisable sleep experience, and puts you in complete control of your own comfort and support.

- Unique air chamber construction allows tailored individual support
- Variable pressure allows for optimum comfort level
- Contains a layer of Kaymed visco elastic for body pressure reduction
- No-turn mattress
- Luxury padded top bed on legs
- Sizes available – 150cm (5'0"), 180cm (6'0")

Sleep so good,
it feels like an indulgence

SleepSpa Visco Therapy – Indulge

The Visco Therapy Indulge uses our premium grade visco elastic with nested visco pockets and incorporates our unique AirLayer, enabling the sleeper to float into a truly deep and rejuvenating sleep.

Indulgence at its best. The combination of visco elastic which moulds itself perfectly to the shape of your body plus the nested visco pockets, provides a floating sensation that is deeply relaxing.

It is not resistant to pressure like traditional sleep surfaces – in fact it does the opposite, relieving pressure enabling the body to relax and recoup.

- Kaymed's unique visco nests
- Temperature sensitive material moulds to the shape of the body
- Helps to relieve pressure and improve circulation
- Turn-free mattress
- Luxury padded top bed on legs or contemporary deep base on wooden feet
- Sizes available – 90cm (3'0"), 120cm (4'0"), 135cm (4'6"), 150cm (5'0"), 180cm (6'0")

Recharge yourself every night

SleepSpa Natural Therapy – Revive

With its superior pressure relief and a plush, soft feel, the SleepSpa Natural Therapy Revive provides the perfect combination of balance and support reducing tossing and turning, and eliminating pain and stiffness.

The Revive features natural latex created using the world-recognised Talalay process. Using the highest quality natural latex from sustainable, renewable tropical rubber plantations, this process creates natural air chambers in the latex that help keep your body at the optimum temperature for deeper, more regenerative sleep.

- Contains luxurious Talalay latex
- Instantly responds to the shape of the body to provide perfect support
- Anti-microbial and hypo-allergenic properties
- No-turn mattress
- Luxury padded top bed on legs or contemporary deep base on wooden feet
- Sizes available – 90cm (3'0"), 120cm (4'0"), 135cm (4'6"), 150cm (5'0"), 180cm (6'0")

100 years of sleep technology

Everything we do is designed to give you the perfect night's sleep, so you can make the most of your life.

We produce some of the world's finest and highest-quality beds, and are known in the industry for our pioneering use of technology.

We've been at the forefront of bed and mattress design for over 100 years, but unlike most other bed companies, we don't just design our beds, we build them as well.

We control every step of the process, to deliver a unique combination of innovation, craftsmanship and quality.

When you go to bed, we go to work.
